

Tim Oehlerking

SYNOPSIS

Tim Oehlerking is the Marketing Director/ Consultant for Diversified Design Group, Inc.

He has over 16 years experience in sales and project management in Audio/Video/Control Systems.

Tim has been a Consultant for Audio, Video and Control systems projects for over 90 projects throughout the United States.

He has also been the sales/project manager for over 200 audio/video/control projects in the Midwest.

Having overseen sales and project management for an audio/visual contracting firm, Tim has a firm grasp of the communication and organizational skills needed to bring projects to their successful fruition.

Tim's ability to provide the bridge between consultant, architect and end user is a vital part of creating a quality end result.
